

Platinum 45 Watt 24 Volt Monocrystalline Solar Panel Specs:

Aluminum framed solar panels to improve the quality and usability of solar panel. The panels made from high purity grade "A" silicone cells and rejects damaged second hand cells.

- Nominal Output Voltage 24 V
- Operating Voltage (V_{mp}): 36 V
- Operating Current (I_{mp}): 1.25 A
- Open Circuit Voltage (V_{oc}): 43.9 V
- 3ft wire included
- Weight: 10 Lb
- Product Dimensions: 27" x 21" x 3"
